EDUCATION

New York University

Bachelors of Arts - Computer Science and Philosophy

New York, NY

May 2026 (expected)

EXPERIENCE

Capital One

Business Analyst Intern (Business Cards & Payments)

McLean, VA

Summer 2025

- Diagnosed spend margin leakage by conducting analysis on billions of transaction-level records across Business Cards and Payments portfolio, identifying industries that drove >75% of spend margin losses.
- Designed and pitched dual issuance at acquisitions test policy to address spend margin negativity by proactively placing customers on optimal network based on predictive model leveraging demographic information.
- Built repeatable SQL pipelines and Python scripts that cut data-prep time by 50%, enabling rapid, ad-hoc analysis of internal card-holder datasets.

Lynbrook High School

Lincoln-Douglas Debate Coach

Online

Nov 2024 — Present

- Serving as head research and argument coach, synthesizing intricate legal and political concepts including international treaty law, domestic agency regulation, arms control for high school debate team.
- Providing onsite tournament support, leading to multiple international-level tournament wins, 3 students being ranked in top 10, finals of national championships, and longest rank 1 stretch in 2024-25 season.

Poly Prep Country Day School

Speech and Debate Assistant Coach

Brooklyn, NY

May 2024 — Jan 2026

- Developing and implementing comprehensive middle school debate lesson plans and curriculum.
- Improving students' public speaking, critical thinking, and argumentation skills by leading after-school lectures and preparing and organizing evidence to introduce students to research methods.

Saralam Corporation

Analyst Intern

Campbell, CA

Summer 2024

- Led design and implementation of online marketing strategy for pre-seed AI startup, increased click-through rate by 100% through targeted campaigns and optimized content.
- Conducted market research and analyzed trends and advancements in the AI landscape to write blog series.

Undergraduate Law Review at NYU

Treasurer

New York, NY

May 2024 — May 2025

- Facilitating operations of legal publication by developing comprehensive budget plan and creating expense reports.
- Managing fiduciary responsibilities to repeat vendors and NYU Student Activities Board.

Secretary

May 2023 — May 2024

- Planned and coordinated onboarding and training events, reducing member churn rate by 70.53%.

Executive Editor

Fall 2023 — May 2025

Associate Editor

Fall 2022 — Spring 2023

- Enabling publication of undergraduate legal scholarship by managing teams of writers and editors, copy-editing, and supporting topic research.
- Contributed to the publication of five articles, highest number out of executive editors in 2023-24.

PROJECTS

Debate Scripts | VBA

- Developed a suite of scripts and helper utilities for competitive debate
- Implemented fast text condensing and replacement algorithms in VBA
- Gained adoption across top debate programs including UC Berkeley, Michigan, Emory; used by top-5 teams

Debate Rankings | Python, Pandas, Glicko2

- Implemented Glicko2 rating system in Python to calculate skill ratings for debaters from tournament results
- Designed data processing pipeline to parse tournament data, handle multi-team debaters, and engineered tournament weighting algorithm to account for match significance
